SPACE (SHRI K. R. NARAYANAN): (a) to (c) Yes, Sir. The newly developed model was used in forecasting the monsoon last year and is used this year also to indicate the emerging seenario of the 1989 monsoon, based on the available parameters as on end of March. The model uses regional and global meteorological parameters as input data and forecasts the total rainfall over the country as a whole during the entire monsoon season (June to September). The final forecast of the 1989 monsoon will be available after the values of all the parameters are available next month.

Projects of Andhra Pradesh pending with the Central Government

*34. SHRI TALARI MANOHAR Will the Minister of PLANNING be pleased to state:
